The winners will be selected by an unbiased committee and will be notified by May 10, 2011. The award will be paid directly to the educational institution (either two or four-year) of your choice. The moneys must be used for tuition, books, room and board.

Applications must include the following to be considered:

- a completed personal data sheet (enclosed);
- an official transcript (in a sealed envelope) of the applicant's high school grades;
- one letter of recommendation, from a cross-country or track team coach or from a high school faculty member;
- a one-page essay written by the applicant on "What Running Means to Me."

In keeping with the club's philosophy that participation is as important as winning, this award will not be based solely on athletic excellence. Our goal is to award these scholarships to outstanding young citizens who are also runners.

Thank you for your interest and good luck!
